

NEW! Greater China Test

Food Sensitivity Test

A Tailor-made Menu for Greater China

HK BioTek is introducing a new test panel from an ISO certified laboratory in Germany to cater to our test clients in the Greater China region. There are 88- and 280-items options, covering more local food items.

- ✓ More Chinese food, e.g. freshwater fish, spices, fruits & veg.
- ✓ More comprehensive and detailed menu

Food Sensitivity Test

By using an advanced ELISA technology, a small amount of blood provides you a comprehensive data on what food to avoid in your daily diet.

- You will receive your report within 2 to 3 weeks.
- ✓ All samples will be sent to Germany for analysis
- ✓ Results in bar charts with quantified data, easy understanding and interpretation for healthcare professionals
- ✓ Bilingual reports

Edges of German-based Laboratory:

- ✓ Dual ISO accredited with ISO 9001 and EN ISO 13485 for its optimal quality on operational and medical management
- ✓ A reliable major laboratory specializing in food allergies or sensitivities in Europe
- ✓ Strong R&D team for the development of their own food protein for testing

For more test information and testimonials, please visit our website.

*The test is for reference purposes only, and cannot replace the diagnosis and treatment by a medical professional.
